Information about the service

Description of the service: Your plan is for a mobile handset and a 12 month post-paid mobile service. This gives you a mobile handset as well as access to a mobile phone number and allows you to make and receive calls, send and receive messages and access mobile data all within Australia.

Minimum contract term: 12 months

Mandatory goods: This plan includes a pre-owned handset. A pre-owned handset is one that has been pre-owned and returned for a number of different reasons, each handset goes through an extremely thorough quality checking process where it is tested to ensure full functionality. All QTPO handsets come with a 12 month warranty

What's included in your monthly allowance: Your monthly call allowance can be used for standard national calls, SMS and MMS to standard Australian landline and mobile numbers, SMS and MMS as outlined in the table above, voicemail retrieval, 1223 directory assist as well as most 13xx and 1800 numbers. Your monthly data allowance can be used to access the internet from your 3G/4G compatible handset.

What's excluded from your monthly allowance

International calls, international MMS, national video calls, national video MMS, calls to 1234, 12 455 and 12 456 numbers or content charges (including third party charges) are excluded. Charges for these calls, SMS and MMS can be found at www.telechoice.com.au/?pricing-plans

Excluded functions: Calls or SMS to premium numbers (e.g. 19xx numbers) are not available.

Monthly data allowance: The monthly data allowance in respect of each plan is set out in the table above. Your unused monthly data expires at the end of each billing cycle. If you exceed your monthly data allowance, we will automatically add 1GB to your service at a charge to you of \$10 (\$0.0098 per MB) 1GB (Gigabyte) = 1,024MB (Megabytes). A maximum of ten (10) 1GB data blocks may be added to a service per billing cycle.

Information about pricing Please see the table above for the price of each plan. If you exceed the included allowances of your plan or use your service for things that are excluded from your plan, you will pay more than the minimum monthly charge. There is no limit on the maximum total charge. The maximum charge depends upon your usage and any excess usage.

Data Bank – Allowance Unused Data will rollover into your Data Bank. The limit of your Data Bank Allowance, in respect of each plan, is set out in the table above. Any Data over that limit will not rollover and will be forfeited. Data Bank Data will only be used once you have exceeded your monthly Data allowance. If you exceeded the Data allowance and exhausted your Data Bank balance, you will not be able to use Data until the start of next month on your Plan, unless you purchase an optional Data Bolt-On. If you move your plan to a higher rate plan, your accumulated Data in your Data Bank will be retained. If you move to a lower plan or a plan that does not support the Data Bank facility, any accumulated Data in Your Bank Allowance will be forfeited.

Early Termination Charges If you cancel your plan, or move to another plan (except another LIVE handset mobile service plan with the same or higher spend) before your fixed term contract has ended, you must pay an Early Termination Charge (ETC) in respect of the Service Plan, as well as an ETC for any remaining payments for your chosen handset. The maximum ETC for the \$25 mobile Service Plan is calculated at the prescribed rate of \$20 per month for the remaining months or part thereof otherwise remaining on your fixed term contract. The maximum ETC for the \$35 mobile Service Plan is calculated at the prescribed rate of \$25 per month for the remaining months or part thereof otherwise remaining on your fixed term contract. The maximum ETC for the \$50 mobile service plan is calculated at the prescribed rate of \$30 per month for the remaining months or part thereof otherwise remaining on your fixed term contract. The maximum ETC for the \$60 mobile service plan is calculated at the prescribed rate of \$30 per month for the remaining months or part thereof otherwise remaining on your fixed term contract. The ETC for your handset repayment is calculated at the prescribed rate per month for the remaining months or part thereof otherwise remaining on your fixed term contract. Example: \$35 mobile service plan with \$13 monthly handset repayments, total Maximum ETC will be \$912 [calculation $25 \times 24 = \$600$ plus $13 \times 24 = \$312$].

Special promotions and value add: This summary excludes any special promotions or value adds that may be associated with your contract of may be added by you after your contract commences. **Using mobile data in Australia** Mobile data charges are based on the amount of mobile data you use when accessing the internet on your compatible device. To estimate the amount of data you will use, visit www.telechoice.com.au/how-much-data-do-you-really-use **Billing** The billing cycle of your TeleChoice account ends on the same date each month (e.g. 3 May, 3 June, 3 July) and your account will be billed to include: a) any excess use during the previous billing cycle; and b) the monthly plan access fee in advance.

You will receive your bill via email. A \$2.20 (inc. GST) service charge will be applied per month if you request to receive a paper bill. You can see your bills online via the TeleChoice member's area at www.telechoice.com.au/members **Usage Information** You will automatically receive an SMS alert on reaching 100% of your bonus data and call inclusions. You will then receive SMS/email alerts when you reach 50%, 85% and 100% of your included monthly call and base data allowances. You can monitor your service usage by logging into your account online at www.telechoice.com.au/members For full details of the TeleChoice usage alerts visit www.telechoice.com.au/Managing-your-usage
